More About PSM - CFA Level 1

The CFA Program now includes Practical Skills Modules (PSM) which is a **skills training**:

- Candidates **must complete any one PSM** to receive the CFA exam result. Additional 90 days are given, after which the **exam result will be voided**.
- **At least One PSM** (out of 2 for Level 1) is **compulsory**, the other one is voluntary.
- **It is not an exam**, merely a course of around 10-15 hours which consists of a **combination of videos**, multiple-choice questions, guided practice, and case studies, but it must be completed.
- Since it is not an actual exam, so **no pressure to pass** as they are not graded or even tested in the actual CFA exam.

The **two Modules** of PSM for **level I** include:

- **Financial Modelling**
- **Python Programming Fundamentals**

How to Save Cost of Doing CFA?

1. Very first, I Suggest you do not compromise on service merely to save cost.
2. Next, Apply for Scholarship options.
3. Try to register only once you see the notes go through them and study them for a month at least.
4. Once decided, register earlier to save cost.
5. Look out for better credit card deals to save your final cost.
6. Some Locations have Installment options too.
